We are more than happy with Total Piling's performance The work was carried out in the time scales promised and the lads working the piling rig kept their composure and were helpful and polite when approached by a few irate neighbours during. Well done!!! Derek Gooch, Contracts Manager, Mansell Partnership Housing, dgooch@mansell.plc.uk

Total Piling provided a cost-effective alternative solution to our specified piling requirements resulting in a considerable saving to the contract. Pre-start they were helpful and proactive in resolving any technical issues. On site they carried out their work within the time allocated and their attitude to health and safety issues was first class. I would have no hesitation in recommending Total Piling for any similar projects in the future.
